Choice Outstanding Book Award for **Crude Awakenings: Global Oil Security and American Foreign Policy** (2005 Award)

Choice Outstanding Book Award for **The Persian Gulf Crisis** (1998 Award)

Explaining Foreign Policy (Johns Hopkins University Press, 2004; 2011) has been used in undergraduate and graduate programs at more than 50 universities. They include Yale, Cornell, Georgetown, UCLA, Ohio State, University of Southern California, Denver, Colorado, American, University of Helsinki, and University of St. Andrews.

Explaining Foreign Policy is used in key international relations textbooks. For instance, one prominent textbook, **Introduction to *International Relations: Theory and Approaches*** (Oxford University Press, 2013), devotes nearly three full pages to discussing the findings in ***Explaining Foreign Policy***.

Oxford University Press invited and published The Politics of Oil, 10,000 word encyclopedic essay (2011; and new edition forthcoming in 2015) describing the best works on this subject.
